The 6th Annual Workshop on Mathematics in Medicine, Vienna 2023

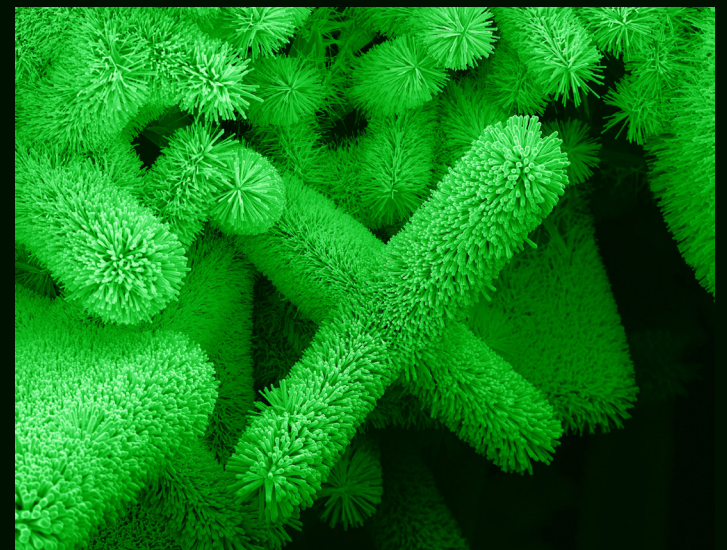

Mathematical Models in Medicine

August 7 - August 8, 2023

Location: WPI c/o University of Vienna, Oskar-Morgenstern-Platz 1, A1090 Vienna

Speakers:

Morten Andersen	Roskilde University
Walter Berger	Medical University, Vienna
Michael Bergmann	Medical University, Vienna
Luca Gerardo-Giorda	Johannes Kepler University, Linz
Doron Levy	University of Maryland
Anna Marciniak-Czochra	Heidelberg University
Johnny Ottesen	Roskilde University
Benoit Perthame	LJLL, Sorbonne University, Paris
Thomas Stiehl	Aachen University
Peter Roth	Veterinary Medicine University, Vienna

Nanowires Grown for Potential Biosensing Applications
 Z.L. Wang, NCI/NIH

Organizers:

Doron Levy	University of Maryland
Norbert J Mauser	WPI c/o University of Vienna
Benoit Perthame	LJLL, Sorbonne University, Paris

Goals:

This workshop aims to bring together Mathematics and Medicine for selected presentations and discussions of methods and open problems where modern mathematical methods including Machine Learning can be useful. All talks are aimed at a general audience.

Partial funding provided by:

WPI, INRIA, FWF
